We Hiked Assessments for Buildings; Why Not for the Teachers' Pay?

When Hope School District 1-A needed a couple of new grade school buildings—Brookwood and Garland—our folks got together on a house-to-house canvass of real and personal property and increased the district's assessment total so that we were able to put up the new buildings.

We do that for the sake of new school buildings. But we never get around to doing it for the sake of our school teachers' salaries.

No further comment is needed to explain why The Star urges you to vote against the 5-mill tax increase proposed in this Saturday's School Election. If you beat down the millage hike then the school management will have no alternative but to go after assessment inequities—of which there are plenty.

Make sure you do vote in Saturday's School Election. The polling place in Hope is the City Hall, in Fulton at the Library. The polls open at 8 a. m. and close at 6:30 p. m.

School Board Defends Millage Rate Increase

In regard to a proposed 5-mill school tax increase to be voted on Saturday at Hope City Hall by citizens of Hope and Fulton and the property assessment program in the county, the Hope District 1-A School Board has issued the following statement:

Mr. A. H. Washburn, Editor, Hope Star, Hope, Arkansas.

Dear Mr. Washburn:

"We have read with regret your recent editorial opposing the school millage. At the outset, we want you to know that we appreciate the interest you have shown in the schools and we are sorry that you disagree with us at this time."

"We want all the patrons of the Hope School District to know that we, as a board, have had the proposed budget under consideration for many months and it was only after long and careful study and with reluctance that we have found it absolutely necessary to recommend an increase in millage. We recognize that no one enjoys paying taxes. On the other hand, we believe that the great majority of the people want, and are entitled to good schools and this we are trying to give them at the most reasonable cost possible."

"With reference to assessments, the board has not and will not abandon its active support of fair and equitable assessments of property. You must recognize, however, that the assessments and collections of property taxes is vested in county officials elected by all the people and in the final analysis responsible only to them."

"We respectfully request all the voters to go to the polls and vote for the budget recommended by the board after careful study. In the future, we think you will be glad you did."

Sincerely,

Groundbreaking on Housing Development

WASHINGTON (AP)—A group of government lawmakers and officials flew to Little Rock today to join the ground breaking ceremony for the 20-million-dollar housing, development in Little Rock Air Force Base.

The ceremony will be held tomorrow.

Capehart (R-Ind.), whose legislation established procedure for military housing construction was among those in the group. Others included Rep. Hays (D-Ark) and Taft (R-Iowa), John W. Bricker (D-Ark.), and John M. Pickens (D-Ark.), Paul Cyr and J. B. Cash of Hazen, all members of the Senate Banking Committee staff.

Housing Chief Asks for Cut in His Budget

WASHINGTON (AP)—Housing Administrator Albert M. Cole says he is asking Congress to trim his agency's budget request by about a third.

Announcing this yesterday, Cole indicated that other agencies, under President Eisenhower's prod, may take a similar course.

Cole told a news conference Eisenhower make the decision that this agency should re-examine its budget and try to bring it down.

Accordingly, Cole said he is suggesting that Congress cut 125 million dollars from the amount the housing agency has requested for the fiscal year beginning July 1.

It is my judgment, he added, that the administration will be sending up additional bills with requests for curtailed obligations.

Secretary of the Interior, Seaton, interviewed by newsmen yesterday at Walter Reed Army Hospital, said his department is standing essentially on its budget request though we are continuing to take a thorough look-see where we can save money.

Seaton, who is receiving treatment for a back ailment, said that if some project costs appear exorbitant because of present inflationary pressures we may consider delaying or slowing down the rate of undertaking new construction.

Meanwhile in Capitol Hill where the outcry against Eisenhower's record peacetime budget of nearly 72 billion dollars is growing louder, 60 senators joined yesterday in sponsoring legislation aimed at giving Congress new powers to eliminate what was termed unnecessary expenditures in the operation of the government.

Woman Leaves \$100,000 to a Daughter

LITTLE ROCK, (UP)—The will of Mrs. Ruth Seaman Manning Cote was admitted to probate court here yesterday, setting up three trusts for her daughter, in Texas.

Mrs. Joy Manning Scott of Austin, Texas, who died March 8, was president of Southwest Hotels and the Arlington Hotel Co. Her estate was estimated at more than \$100,000.

One of the trusts included all capital stock and securities issued by Southwest Hotels and any other corporations controlled by Southwest Hotels, with Mrs. Scott to receive as much of the net income annually as may be necessary to provide for her a standard of living "in accordance with the standard of living to which I am accustomed."

The third trust included the remainder of Mrs. Cote's property, with Mrs. Scott as the beneficiary.

Senators in Huddle on Civil Rights

WASHINGTON (AP)—A Senate Judiciary subcommittee was called into closed session today to act on civil rights measures.

Sen. Hennings (D-Mo.), the chairman, said he was hopeful the subcommittee could agree on legislation to recommend to the full Judiciary Committee.

A House Judiciary subcommittee already has approved a bill patterned after administration recommendations. These call for creation of a bipartisan commission to study complaints of civil rights violations, for establishment of a civil rights division in the Justice Department, and for new powers for the attorney general to seek injunctions to enforce voting and other civil rights.

The full House Judiciary Committee yesterday approved several amendments, then quit work on the bill for the weekend.

Both factions in the House committee—Northern and Western proponents of a civil rights bill and Southern opponents—announced an agreement to stay in session Monday until a bill is completed and voted on.

From the Judiciary Committee, which is considered certain to approve the measure, it goes to the House Rules Committee. There, Southerners may stage another delaying action, but the Democratic leadership's reported goal of a House vote early in April appeared possible.

Pilot Who Buzzed City Said Insane

DES MOINES (AP)—Roy Soderquist, 23, student pilot who buzzed Des Moines for four hours in a stolen airplane Jan. 29, is insane at this time, a District Court jury ruled last night.

The jury, deliberating more than 35 hours, had to decide on Soderquist's mental state at this time, not when the plane incident occurred.

Soderquist has been indicted for going armed with intent in committing unlawful acts, in connection with the flight.

The next step in the case at the determined Saturday at a hearing between Dist. Judge D. D. Needham, Jens Groth, attorney for Soderquist, and County Atty. Ray Hanrahan.

Lewisville Host to Pollution Groups

LEWISVILLE, (AP)—About 200 persons formed the Southwest Arkansas Anti-Pollution Committee at a meeting here last night.

L. D. Galloway of Stamps, who elected chairman of a 9-man board of directors, said that the group would launch an membership drive immediately.

The group's main target is the pollution of streams by salt water and other waste released from oil wells.

Columbia, Nevada and Lafayette to counties were represented at the meeting.

Equipment Stolen From Auto Here

Hope City Police reported today that a box of tools, fishing tackle and a jack were stolen from the auto of Henry Saunders Wednesday night. Officers said the car was parked in front of Saunders' home on North Elm Street.

Special Session to Await Cooling of Tempers

By LEON HATCH

LITTLE ROCK (AP)—Gov. Orval Faubus indicated today he would wait for the Highway Commission and legislative leaders to reach an agreement before he calls a special session of the Legislature to appropriate funds for Highway Department operations for 1957-58.

Faubus told his news conference that he thought the House and Senate budget committees and the Highway Commission should get together on a solution satisfactory to both sides.

Then, he said, he would be ready to consider a special session.

The regular legislative session ended yesterday without the House and Senate getting on common ground on a House proposal for minimum wages for certain employees in the lower pay brackets.

The amendment also contained a section for what was described as portal-to-portal pay for some employees and there were reports today that this was responsible for Senate opposition.

Faubus said he saw no point in calling the Legislature back in absence of an understanding.

He said the deadlock could still exist and the Legislature could again go home without having passed the huge highway appropriation bill.

Faubus said he had not been consulted by any of the interested parties in the situation and added that all the responsibility is not on me.

The governor declined to say what had caused the impasse but did say that the problem now is between the Legislature and the Highway Commission.

He said he saw no alternative to calling a special session if highway funds are to be appropriated but repeated previous statements that he had no idea of a possible date.

A House Judiciary subcommittee already has approved a bill patterned after administration recommendations. These call for creation of a bipartisan commission to study complaints of civil rights violations, for establishment of a civil rights division in the Justice Department, and for new powers for the attorney general to seek injunctions to enforce voting and other civil rights.

\$825 Pay Hikes for Pine Bluff Teachers

PINE BLUFF, (AP)—An \$825 a year salary increase per teacher was voted last night by the Pine Bluff School Board, acting on the basis of an expected increase in state aid. The salary boosts will be effective July 1.

The board was one of the first in Arkansas to take action following passage of an increase by the 1957 Legislature. At least two other boards have taken similar moves. A major portion of Gov. Orval Faubus' 22-million-dollar tax program has been earmarked for teachers salaries.

Under the distribution formula, the Pine Bluff School District would receive \$220,000 in new money. The board set aside 90 per cent of that amount to provide the increase for Pine Bluff's 251 public school teachers.

Committee Cuts \$516 Million From Budget

By WILLIAM F. ARBOGAST
WASHINGTON (AP)—The House Appropriations Committee today slashed \$516,000,000 from the \$5,923,195,000 in new funds President Eisenhower requested for 18 miscellaneous agencies.

It was the biggest cut, money-wise, made by the committee on four bills it has sent to the House this year. The funds are for the fiscal year starting July 1.

If the House upholds the committee next week, it will have cut 680 million dollars from presidential requests totaling about \$10,300,000,000 to date. On the three previous bills, none of which has passed the Senate, the House has followed its committee's recommendations without change.

Major slashes imposed by the committee in the independent offices appropriation bill were \$26,657,700 from Veterans Administration funds, \$1,700,000 from the Civil Defense Administration, and \$185,230,000 from the General Services Administration.

Reductions recommended in VA allotments included \$4,000,000 in operating expenses, \$1,200,000 in operating expenses, \$1,200,000 in medical administration and miscellaneous funds, 7½ millions in hospital construction and replacement programs, \$49½ millions in compensation and pension funds and \$41,473,000 in readjustment benefits. Congress frequently has cut these funds in past years only to restore them subsequently in supplemental bills.

Along the leading edge of the cold front, thunderstorms broke out yesterday from the Kentucky-Tennessee area northward to extreme Upper Michigan.

Tornado winds struck Illinois, with a twister hitting Parkville and Sidney in the east central part of the state. Several buildings were damaged and trees uprooted, but no persons were injured.

Meanwhile, springlike weather continued in the eastern quarter and western third of the country.

Baby Sitter Held in Death of a Child

DETROIT (AP)—Three-year-old Patricia Tierman, who was kidnapped from her home in Pontiac yesterday, was found drowned last night in a bathtub at a small hotel in Detroit.

Police said they found the body after following directions given by a teen-age baby sitter who was picked up for loitering near the Southern Michigan Prison at Jackson.

State police in Jackson arrested Madeline Allred, 18, of Pontiac, after a prison guard reported he saw her run out of the prison lobby and hide under a car in the parking lot.

But I did kill a baby down in Detroit today I held her under water for two hours.

The troopers quoted her as saying, "I always had an urge to kill people." Then, she said, she gave the room number of a hotel in Detroit where Patricia's body could be found.

As police in Jackson questioned Miss Allred, they heard over the police radio that she was wanted as the baby sitter who had disappeared with Patricia from the home of the child's parents, Mr. and Mrs. Theodore Tierman of Pontiac.

Defiant Labor Leader Again Faces Probers

By G. MILTON KELLY

WASHINGTON (AP)—Frank W. Brewster, Teamsters Union official who defied one Senate investigation, faces questioning at another today on his handling of union funds.

Brewster, president of the Western Conference of Teamsters, has been named by other witnesses as the man who sent two Seattle gamblers to Portland, Ore., in an effort to take control of gambling and prostitution there. He has been accused also of misusing union funds for his personal interests.

His appearance before a special Senate committee investigating labor-industry racketeering followed his refusal two months ago to answer questions before the Senate Investigations subcommittee. He contended the subcommittee had no authority to question him, and was cited for contempt of Congress as a result.

Meanwhile, a federal grand jury meeting just a couple of blocks away from the Capitol hearings, resumed its investigation of bribery charges against Teamsters Union Vice President James R. Hoffa.

Hoffa was arrested Wednesday night by FBI agents on charges he hired a New York attorney John Cheasty, to get a job on the Senate committee staff, and feed Hoffa committee secrets.

Chairman McClellan (D-Ark) said Cheasty reported the situation to the committee, joined its staff, and under committee and FBI supervision provided some documents to Hoffa.

The grand jury also is considering bribery charges against Hyman I. Fishback, a 47-year-old Miami lawyer and former counsel for House investigating committees, through whom Hoffa allegedly arranged for Cheasty's services.

Bob Mitchum Has Little Ambition-So He Claims

By HAL BOYLE

NEW YORK (AP)—Bob Mitchum has an unusual ambition for an actor.

He doesn't want to play Hamlet. He doesn't yearn to be a director or a producer. He doesn't pine to have the world of television at his feet. He simply wants to be the laziest man on earth—if you take what he says seriously, which might be a mistake.

I just hang around the house until I go broke, he said, and then I go to work.

That's a dismal thought so early in the morning it was 11:30 a. m. Life always looks better in the cool of the evening. The role I'd really like to play is a tax-exempt one in which I merely phoned the studio and didn't have to show up on the set at all.

He is resting up after completing a 20th-Century-Fox film, Heaven Knows, Mr. Allison, in which he plays a Marine stranded behind Japanese lines with a gun—Deborah Kerr.

Despite his pretense of laziness, Mitchum has played in more than a hundred pictures in 15 years, including eight Hopalong Cassidy epics.

Before that he had been an amateur boxer, a professional fighter, a writer, and an aircraft factory worker. He said the aircraft

There's No Evil There Except What You Carry With You

"Why Me?"

"What did I do to deserve this?"

Often adversity is a blessing in disguise. Enforced idleness has led many men to think . . . to face the future with an honest appraisal of their past accomplishments. From that appraisal has come purpose, desire and dedication to worth-while accomplishments.

It is important to realize that the calamity of today may prove to be, in the light of tomorrow, the flame that tempered the metal.

Opportunity wears many disguises and God knows truth is best recognized when misfortune forces humility.

Contest Is
Started by
Chevrolet

Most anyone in town will have a good opportunity to win a new car and lots of cash for a first class vacation in Chevrolet's \$275,000 "Lucky Traveler" contest, according to E.P. Young, local Chevrolet dealer.

The contest, which opens March 15 and closes April 15, offers a total of 57 awards, including four top prizes, each consisting of \$25,000 in cash, plus a 1957 Chevrolet passenger car of the winners' choice, equipped with "Turbo-Fire 283" V-8 engine, automatic transmission and a Chevrolet heater and defroster. Following the top awards are 53 prizes of 1957 Chevrolet Bel Air 4-door Sedans equipped with "Turbo-Fire 283" V-8 engines, automatic transmission heaters and defrosters plus \$500 in cash to each winner.

Local motorists, familiar or not with America's favorite spots, should have no trouble with Chevrolet's \$275,000 "Lucky Traveler" contest. Contestants are required to identify four vacation areas shown on the official entry form. A portion of a map, pictures and clues on the entry form enable the contestant to correctly name the vacation spots. In addition, contestants must add a last line to a "Lucky Traveler" jingle which is also printed on the entry form.

Entry forms may be picked up at Young Chevrolet Co., Chevrolet contest headquarters for this area. Completed entries are also to be deposited at the Chevrolet dealer's. According to E.P. Young, local Chevrolet dealer, "Families will enjoy this contest because it's easy, and it's fun. If a winner has purchased a new '57 Chevrolet from a Chevrolet dealer during the contest period, the full delivered price of the winner's Chevrolet passenger car award will be made in cash."

"Traveler" Contest is open to anyone of driving age except employees and their families of Chevrolet Motor Division, its dealers, its advertising agency, and the contest supplies.

"Lucky Traveler" entries are being judged by a national contest judging organization.

DOROTHY DIX
Self-Improvement Program
Should Attract New Beaux

Dear Dorothy Dix: I'm very fond of a boy I have known for two years. We've had a few dates, but he hasn't called or seen me in over a month. What can I do to create more interest?

I'm not especially pretty, but am learning how to dress and make up to my best advantage. I am also trying desperately to overcome an inferiority complex by reading books on personality development. I feel if I can convince myself I can convince others. What additional steps can I take?

Dear Opal: Right you are, girl! People will accept you at your own valuation. Recognize your shortcomings, remedy them, and you can face the world with confidence and self-assurance — the most valuable assets you can have. Try not to yearn over one misplaced boy friend. When word gets around that you're a nice person to know, he'll suddenly remember your phone number.

Dear Dorothy Dix: My boy friend is very odd; one day he says he cares for me very much the next day he claims to have changed his mind. We break up constantly and he waits for me to call. I like him very much. What shall I do?

J. R.: You are making a fool of yourself before friends, family and the boy friend. Unless a boy respects you, he will never love you. And, unless you can respect a boy, you can never really love him. Even at the risk of a temporarily broken heart, give this candidate for manhood the go-by.

Dear Dorothy Dix: My husband never wants me to go out. I must be at home with him every minute. He's in the Army. I'm living away from everyone, and have two children. I'd like an evening out occasionally.

Rita: Does he stay home with you every minute he's off duty? If so, consider yourself a lucky wife whose husband loves her. Get out with him, but don't start trouble by going out by yourself.

Is there a nursery on post where the children could be left for a few hours? Take advantage of it, but stay together.

Dear Dorothy Dix: I'm 18 and have been dating three boys — two

in the Navy and one in the Air Force. They know about one another. They are all wonderful to me and I can't decide which one I like best.

Ann: Since they all know about each other, you certainly aren't doing anything wrong. Perhaps an Army man will sweep you off your feet.

Don't worry about your popularity; many girls would envy it. Send your problem to Dorothy Dix. Or write for her free leaflet D-21, "A Happy Marriage." In all cases, be sure to enclose a stamped self-addressed envelope, and send request to her, care of this newspaper.

Van Doren to
Continue
Profession

By CHARLES MERCER
NEW YORK (AP) — Before he was

tripped by a relatively easy question, Charles Van Doren made some difficult decisions and came up with the right answers on the quiz program Twenty-One.

Now Van Doren has made the most difficult of many decisions — and come up with the right answer. He's turning down the easy money. He will continue to teach at Columbia University and to work for his doctorate in English literature. He is going to write what he won't be writing.

Ever since Van Doren, 31, began winning money on the quiz program, he began winning the esteem and literally the affection of television viewers. He became, as they say, the hottest personality on television in the inter season.

Profitable offers inundated him. They have increased since he defeated Monday evening by Mrs. Vivienne Neuring then he failed to remember that Baudouin is the King of Belgium. There are offers for deliver lectures in all parts of the country, offers to make recordings, to endorse an amazing array of commercial products, to make guest appearances on all kinds of TV programs.

Somebody asks him to start his own television quiz program and somebody else wants him to go to Hollywood. There is a \$50,000 screen offer that as an easy decision; he turned it down on the telephone. Being a personality, Van Doren learned can be a trying experience.

Very wisely he obtained an agent to handle these complex affairs. Now, says his representative at Music Corp. of America, he will do nothing that is inconsistent with his career. As of this writing he has turned down every offer — except one. He will appear on NBC radio's Conversation, that excellent program which returns to the air March 21 for a regular Thursday evening series. For one who earns \$4,200 a year

Educational
Group May
Close Hearing

WASHINGTON (AP) — A House Education subcommittee hoped to complete hearings today on proposals for federal aid to education — a program that faces new opposition because of demands for a reduction in federal spending.

The school bill will be in a very difficult position because of the hue and cry on the budget. House Republican Leader Martin (Mass.) told reporters.

The administration proposed a four-year program of \$300,000,000 in federal grants to the states to help build classrooms.

But congressmen say they're getting more and more mail urging a reduction in federal spending.

Rep. Kelley (D-Pa.), author of a school construction bill generally called the "Democrat's measure," said, "Of course the economy talk is a danger confronting the school bill."

Kelley declined to comment on what might happen. His bill calls for a six-year program totaling \$3,000,000,000 of aid to the states.

Rep. Bailey (D-WVa.), chairman of the Education subcommittee said the economy talk might put us behind the ball.

Rep. Metcalf (D-Mont.), a subcommittee member, said there was a serious question raised by the economy talk but I think we can overcome that.

Special Session

players in the Legislature," he told reporters. He said he thought the players would finish the game. Afterwards, Faubus commented that if his aides had been able to locate Highway Department officials a compromise in the Legislature might have been reached.

Highway Commission Chairman Glen F. Wallace of Nashville said it was his understanding that other issues within the Legislature had created the deadlock. There had been tension between both houses for more than a week. A personal exchange growing out of a recent House insurance bill had enlarged the split.

There are several rules for a special session. Under state law the governor must specify what items the Legislature is to consider.

After acting on such items, lawmakers by a two-thirds majority can vote to extend the session for other business.

However, members serve without pay during the extension. Since all major administration bills have cleared the Legislature, Faubus apparently will ask consideration of the highway bill only.

Women Tells of
Slaying Children

NATICK, Mass. (AP) — Two children were found dead in their home last night and several hours later their mother walked into a hospital 40 miles away and was quoted as saying "I have just murdered my family."

The victims were Jonathan Stern 3, and his sister Robin, 6 months.

The baby girl's body was found in a partially filled bathtub. Their mother, Virginia, 27, walked into Addison Gilbert Hospital in Gloucester nearly three hours after the bodies were discovered by her husband Malcolm, 32, a Boston architect.

A Gloucester Police Sgt. Marshall A. McDonald said Mrs. Stern told hospital supervisor Agnes Webber she had just murdered her family.

Doctors said Mrs. Stern's wrists were cut as though she had tried to commit suicide.

Police said Mrs. Stern apparently knows no one in Gloucester but drove there because it is as far as Route 128 goes.

Sunday School Lesson

By William E. Gilroy, D. D.

The statement in Matthew 7:28, and in Mark 1:22 that Jesus taught "as one having authority, and not as the scribes," would be a strange one if it were not true.

There is irony in it, also. The scribes were supposed to be the authoritative teachers, whereas Jesus, as He appeared in Galilee and Judea, began His ministry as an individual, seeking no external authority, but relying only in the truth in His words and deeds, and the fact that He was doing the will of His Father in Heaven.

It is strange that this phase of the life, teaching and ministry of Jesus has had little, or no recognition, or emulation, in the religious world.

Religion almost everywhere, and not less in the professedly Christian "organized" aspects, has been based upon authority. The external authority and discipline that is essentially similar to the authority in the Jewish time of Jesus, which He for His own mission was concerned.

The fact that Jesus acted without any such external authority

plane had developed engine trouble on his tour of Africa. A new engine was flown in to Monrovia, Liberia, from Preswick, Scotland, when trouble developed.

A second plane carrying American correspondents also was plagued with mechanical difficulties and their flight from Casablanca to Accra, capital of the New Ghana, was delayed.

Mr. and Mrs. E. B. Johnson and James Eley attended a birthday dinner for James Eley in the home of Mr. and Mrs. G. O. Bird in Arkadelphia Sunday.

Nixon Plane Has
Engine Trouble

TRIPOLI, Libya, (UP)—A plane carrying Vice President Richard M. Nixon from Khartoum to today when trouble developed in one of the engines.

A radio message said the plane returned to Khartoum 90 minutes after take off from Khartoum because of partial failure of the No. 2 engine.

An announcement said the vice president's brief visit to Tobruk would be cancelled and that Nixon would fly direct to Tripoli after engine repairs are made or a new one is flown in for him.

It was the second time Nixon's

brought quick challenge. Jesus was immediately asked, by the chief priests and elders, "By what authority doest thou these things? And who gave thee this authority?"

That incident and the reply of Jesus (Matthew 21:23-27) ought to have worried wise and sincere religious leaders against re-acting it, but it has been re-acted again and again.

Some years ago a professor in my own college was ousted from his position by the attacks of typical authoritarian officials though he was admittedly a man of gentle Christian life, whose approximate views on the matters at issue are today widely held even in the very circles to which he belonged.

For myself, I have been an independent, (though certainly not an isolationist) in religion, and this attitude, I realize, is subject to much criticism.

But the question of religious authority, its nature and its exercise, is one of the most vital today.

I venture to suggest that questions regarding the nature and exercise of religious freedom ought to be resolved with clarity.

reference to the authority that Jesus exercised.

The trend in religion today seems to me to be largely official and bureaucratic, toward closer concentrations of discipline and authority.

But I anticipate a strong reaction, though it may be late in coming, of individuals stranding upon their convictions of truth and duty, much as Jesus stood in relation to those who would have denied him freedom to express the truth that He said would make men free.

"The truth shall make you free."

3-Year-Olds to Get Test at Oaklawn

HOT SPRINGS (AP)—Twelve 3-
year-olds, including several likely
Arkansas Derby prospects, were
to get a preliminary test at 3
furlongs today in the \$2,700 fea-
ture event at Oaklawn Park.

Heading the field was Dan Lo-
gan's Will Command, assigned top
post of 117 pounds, three more
than next high weight of 114 which
will be carried by half a dozen
others. Oddly enough under con-
ditions of the race, D. Danner's
Prince Gala, winner of two
straight here, including his maid-
en event, carried the lightest im-
post of 106 pounds.

Others in the full field were F.
O. Akin's Flashy Fellow, L. G.
Jones' Cosmic Force, Ted Yo-
chims Count Sickle, J. C.
Geary's Okay Gray, Ed Lughner's
Kay Ellen, Phil Rasch's Bella
Phil, Dover Stables Lord Rush,
G. R. White's Challa Pocket Win-
ston Neil's Colonel Art and Wes-
ley Bolens New Shift.

A recent arrival from New Or-
leans, Will Command, finished a
close-up second in his only pre-
vious outing here. Carrying 118
pounds, he was beaten at the 6-
furlong distance by Kentucky Ro-
man, who presently shapes up as
the Arkansas Derby favorite.

Among those he led under the
wire were Twilight Run, New
Shift and Brother Joss.

Prince Gala was a longshot win-
ner in his first outing and then
came back to trim Bonjo, an odds-
on favorite, in his second effort.

Lord Rush won his only start
here, scoring over a good field
that included Bonded Treat, the
favorite; Bells Phil and Flashy
Fellow.

Cosmic Ray was second in his
lone appearance here.

Colonel Art, who will be mak-
ing his first start here, won four
out of 12 last year.

In yesterday's featured race,
Slash, owned by Harry S. Nel-
sons of Detroit, won the \$2,600 Bly-
theville Purse before a crowd of
8,143 which bet \$499,058.

El Sweep and Dapper paid
\$235.20 in the daily double.

El Sweep and Dapper paid
a new track record for four fur-
longs in the first race, defeating
11 other 2-year-old fillies.

She stepped the half mile in
:45.4, two-fifths of a second faster
than the previous record set by
Henry Forest's Lenore Flash
here in 1951 and only four-fifths
off the world record.

Woman Is Builder of Mayflower II

By ALVIN STEINKOPF
BRIXHAM, England (AP)—Stuart
A. Upham, a weatherbeaten man
who believes in wood and canvas,
is the builder of Mayflower II. She
is a lady, Upham insists, a strong
little ship which will duplicate this
spring the voyage across the At-
lantic made by the Pilgrim Fathers
in 1120.

Mayflower II is in her essen-
tials—looks size and straining
ropes—a copy of the sailing ship
in which the Pilgrims ventured to
the gift of the British people to
the people of the United States.

Upham and about 2 craftsmen
have been working for about a
year and a half Upham sizes up
the ship taking final form and
says with affection gleaming in
his eyes:

A proper wooden ship is the
most beautiful thing man ever
created.

And what's the beginning of a

good wooden ship.

The secret, of course, said
Upham, is honest oak that we
need to withstand the corrosion
of salt water, and the battering
of the sea.

Upham prowls the Devon- and
Cornwall countryside, looking for
likely trees. They ought to be
about 200 years old, and they do
not have to be straight and state-
ly. A sturdy, gnarled and twisted
oak gladdens his heart, because
a wooden ship needs bits and
pieces of strange shapes.

We can bend wood in the
steam bath," said Upham. But
then the tiny fibers which consti-
tute the wood are wasted out of
their natural shape a little, and
we lose something in strength and
durability. But if that twist grows
naturally the wood comes into my
ship in just the form it wants to
be, and there's nothing like tim-
ber to appreciate good treat-
ment.

His generalship prompts a
fresh look at James Stewart of
1957, a mature, sober citizen who
still seems hoist despite his
graying, thinning hair. He will be
49 May 20. In usual fashion—
halting but sincere—he answered
a barrage of questions at his Bev-
erly Hills home.

Q—You've had offers to run for
important offices in Pennsylvania
and California. Why haven't you
entered politics?

A—I don't think I'm equipped.
Q—How do you pick your
scripts?

A—Well, I read just about every-
thing that comes along. That's all
I have time to read, in fact.
Every once in a while you come
across something that hits you
as worth taking a chance on.

I've talked to moviegoers from
Chile to Japan and the thing that
seems tremendously important to
all of them is getting an emotion-
al experience from films. Love, a-
dore, fear, greed, etc. Those are
the things we should deal in. I don't
think we're in business just to
spread the American way of life.
If our pictures are good, that's
enough to win us friends.

Q—Are there any boring things
about your business?

A—Damn few. I'll tell you that
Q—Are you as rich as people
say you are?

A—That depends on how rich
they say.

Q—They claim you're very well
fixed.

A—After long pause. Yes, I'm
well fixed. I'm a wealthy man.

Q—What gives you the most sat-
isfaction in your business?

A—Going into a job and giving
it all the know-how that I have
accumulated 22 or 23 years in
this business.

Kansas, SMU Tangle in NCAA Regional Play

DALLAS (AP)—Four members of
the top ten of college basketball—
Kansas, Southern Methodist, Okla-
homa City and St. Louis—clash
here tonight in the opening round
of the Western Regional NCAA
tournament.

Oklahoma City (18-8, ranked No.
9) and St. Louis (19-7, ranked
No. 10) meet in the first game at
7:30 p. m. (CST).

Kansas (21-2), ranked No. 2 in
the nation, and Southern Meth-
odist (21-3) the No. 4 team, clash
at 9:30 p. m.

The winners will meet tomor-
row night for the championship.
The losers decide third place.

Kansas, which once was Nation-
al Champion and is considered by
many the best bet for the title
this year, will be the favorite be-
cause of Will The Stilt Chamber-
lain, the 7-foot All-American.

Chamberlain leads a team that
averages 6 feet 4 1/2 inches in
height against a Southern Meth-
odist outfit that is the shortest
quarter in the tournament but
makes up for it with speed and
finesse.

The Methodists, averaging 6 feet
2 1/2 inches, are headed by Jim
Krebs, the nation's No. 2 centre.
Krebs is the only big man on the
team, soring to 6 feet 8.

Oklahoma City has the tallest
outfit—a 6 foot 5 1/2 inches ag-
gregation sparked by Hub Reed, a
6-foot-10 star who has flipped in
600 points this season. Only Cham-
berlain has outscored him. Will
has poked 679 points through the
meshes.

St. Louis, led by Hal Alcorn, av-
erages 6 feet 4 1/2.

Actor Refuses Publicity on Air Service

By BO THOMAS
HOLLYWOOD (AP)—Most of Hol-
lywood—and the rest of the na-
tion—was surprised when Presi-
dent Eisenhower recently nomi-
nated James Stewart to be a brig-
adier general in the Air Force
Reserve.

Even his coworkers weren't
aware that Stewart had remained
active in the Air Force, in which
he rose from private to squadron
commander in World War II.

That is typical of Stewart. He
has refused to capitalize on his
military career for publicity pur-
poses. Oddly, his nomination was
announced the same week his new
film about a flight pioneer was
opening in New York. But Stew-
art had nothing to do with the
timing.

He will, in fact, make no utter-
ance that isn't in keeping with his
quiet dignity. Probably it's this
integrity both on the screen and
off that has made him one of the
most popular film stars in the
world—and perhaps the highest
paid.

Scoring Trend in Tourney May Reverse

By HUGH FULLERTON JR.
Of The Associated Press

Virtually all the scoring records
for the NCAA Basketball Tourna-
ment were set in the past three
years, but the big question as 18
NCAA contenders moved into four
regional tournaments tonight was
whether this scoring trend might
be reversed.

There have been a couple of
signs The San Francisco Dons,
1956-57 champions, got their best
results by playing solid defensive
basketball and holding their shots
until they counted. Two of this
year's first-round winners, Canis-
ius and Idaho State, did virtually
the same thing as they beat West
Virginia and Hargis-Simmons with
scores in the 60s.

Canisius likely will try to keep
control when it meets unbeaten
North Carolina tonight, rather
than take chances on letting Lon
Rosenbluth and his mates get
their shoes. Some of the others
may use similar tactics if they
decide it's futile to run against
such teams as Kansas, Kentucky,
St. Louis and Notre Dame.

The results could be just
the opposite, since all 18 teams have
shown that on occasion they can
collect large gobs of points.

Meanwhile, in the NCAA
Small College Tournament at
Evansville Ind., Kentucky Wes-
leyan and Wheaton gained the
finals to be played tonight. Ken-
tucky Wesleyan blasted ML St.
Mary's (Md. 99-61, coming from
behind with 28 points in the first
nine minutes of the second half
while led all the way to beat
Los Angeles State 71-53.

In the NAIA Tournament at
Kansas City, top-seeded Pacific
Lutheran meets Tennessee State
and Eastern Illinois plays South-
eastern Oklahoma. The finals
will be Saturday night.
